

## REACH - SVHCs DECLARATION LETTER

The European Union's REACH directive is designed to regulate the Registration, Evaluation, Authorization and Restriction of Chemical Substances for Regulation (EC) No 1907/2006.

In an effort to address the requirements of the REACH regulation and ensure a reliable ongoing supply of D-Link parts, D-Link has contacted suppliers to confirm all necessary registration of in-scope substances in formulations, preparations, materials or articles be completed by the REACH deadlines. In addition, suppliers have been requested to assess the potential presence of Substance of Very High Concern (SVHC).

As D-Link does not intentionally add the Candidate List of Substances of Very High Concern (SVHCs) and based on the "article" criteria in the REACH regulation, all articles manufactured by D-Link are interpreted to be exempt from substance regulation and therefore compliant with the REACH regulation.

The company's products (articles) are not intended to release chemical substances under standard and predictable conditions. Therefore obligations of pre-register/register are irrelevant. The company will continue to monitor the status of the candidate list as part of our on-going compliance activities.
