The Vigilance Camera Range offers professional, full featured high definition video surveillance that is easy to install and highly affordable. The range consist of cameras designed specifically to meet different surveillance and environmental requirements. From standalone surveillance solutions that allow you to record video without additional software or equipment, to weather/vandal-proof cameras for harsh environments.

The Vigilance Camera Range includes:

**Full HD / 5-Megapixel Outdoor PoE Vandal-Proof Dome Camera**
DCS-4602EV / DS-4605EV

- **3D Noise Reduction**
  - Allows the camera to capture clearer videos with less noise under poor lighting conditions.
  - Ideal when facial or object identification is required.
  - Helps to reduce backend storage provisioning.

- **Weather and Vandal proof**
  - Toughened metal, industry-certified IK-10 (vandal-proof) and IP-66 (weather-proof) housing designed for use in harsh environments.
  - Specifically built to withstand sudden high impact and adverse weather conditions.

**Full HD PoE Dome Camera**
DCS-4603

- **Integrated IR illuminator with IRC-filter**
  - Allows the camera to see in complete darkness with detailed grayscale images.
  - Capture crisp colour images during daytime with ICR-filter to block unwanted infrared light.

- **Wide Dynamic Range**
  - Effective in contrasting light conditions, giving clear footage from shadowed areas as well as brightly lit spaces.

**Full HD Panoramic PoE Camera**
DCS-4622

- **360° Whole Room Coverage**
  - See it all with a wide-angle fisheye lens that gives you complete 360° coverage that lets you monitor a large area with a single camera.

- **HD Image Quality and Detail**
  - High-resolution 3-megapixel sensor provides a high-resolution image (up to 1920 x 1536) to monitor a large area with excellent detail.

- **A Versatile Little Camera That Does It All**
  - Night vision, two-way audio, motion detection, triggered snapshots and recordings and even support for PoE so you can place it anywhere.
**HD Outdoor PoE Mini Bullet Camera**  
DCS-4701E

**LowLight+**  
- High sensitivity camera sensor allows the camera to see details in colour, even in very low light conditions.

**3D Noise Reduction**  
- Allows the camera to capture clearer videos with less noise under poor lighting conditions.
- Ideal when facial or object identification is required.
- Helps to reduce backend storage provisioning.

---

**3-Megapixel Outdoor PoE Vandal-Proof Dome Camera**  
DCS-4633EV

**Improved Video Performance**  
- Support for the latest H.265 High Efficiency Video Coding standard maximises network bandwidth for enhanced quality

**HD Image Quality and Detail**  
- High-resolution 3-megapixel sensor provides a high-resolution image (up to 2048 x 1536) to monitor a large area with excellent detail

**Weather and Vandal proof**  
- Toughened metal, industry-certified IK-10 (vandal-proof) and IP-66 (weather-proof) housing designed for use in harsh environments. Specifically built to withstand sudden high impact and adverse weather conditions.

---

**Full HD / 5-Megapixel Outdoor PoE Mini Bullet Camera**  
DCS-4703E / DCS-4705E

**High Resolution**  
- The professional 3/5 megapixel progressive scan CMOS sensor is ideal for surveillance applications

**Long Distance Night Vision**  
- See up to 30 m in complete darkness with the high power infra-red illumination

**Outdoor Installation**  
- The IP66 rated weatherproof enclosure means the camera can be mounted outdoors in temperatures ranging from -30 to 50 °C
Full HD Outdoor PoE Mini Dome Camera
DCS-4802E

Wide Dynamic Range
- Allows the camera to see objects in contrasting light conditions.
- Ideal for entrances or windowed foyers where it is necessary to monitor both indoor and outdoor areas, or shadowed areas as well as brightly lit areas.

3-Axis Gimbal
- 3 axis mechanism gives horizontal, vertical and rotation adjustments.
- This provide greater flexibility to achieve the view you want, whether the camera is mounted on the ceiling or wall.

Free D-ViewCam™ Video Management Software
DCS-100

Bundled free with D-Link network cameras D-ViewCam enables users to centrally manage multiple cameras for home or businesses.
Supporting up to 32 network cameras and up to 64 users, D-ViewCam is compatible with all current D-Link network cameras and video servers, offers digital monitoring and recording with a wide array of features including simultaneous video recording, playback and live view.

D-ViewCam offers scheduled, motion and manual recording. Recorded files can be searched by video type and selected files can be played, edited and converted into AVI or ASF files. The e-map mode in the application allows users to arrange a map with camera locations and orientation, while additional features such as auto-patrol, rotate, zoom, and focus provide optimal control over video surveillance.

D-ViewCam Mobile

Keep an eye on your surveillance cameras anytime, anywhere with D-Link’s D-ViewCam Mobile app. The D-ViewCam Mobile app makes it easy to check on your business no matter where you are, no matter what time of day it is.

For iPhones/iPads

For Android devices
If the worst should happen to your network you need the very best support and fast. Downtime costs your business money. D-Link Assist maximises your uptime by solving technical problems quickly and effectively. With a choice of three affordable service offerings covering all D-Link business products, you can select the package that suits you best:

- **D-Link Assist Bronze** - for guaranteed response on the next business day
- **D-Link Assist Silver** - for comprehensive 24-hour support
- **D-Link Assist Gold** - for 24-hour 7-day support

### D-Link Assist Bronze
- 250 minutes of troubleshooting per incident
- 3 incidents per month
- Maximum response time of 1 business day

### D-Link Assist Silver
- 350 minutes of troubleshooting per incident
- 10 incidents per month
- Maximum response time of 1 business day

### D-Link Assist Gold
- 500 minutes of troubleshooting per incident
- 10 incidents per month
- Maximum response time of 30 minutes

#### D-Link Assist Gold Benefits
- 24/7 telephone support
- Priority support over Bronze/Silver customers
- Rapid ticket response (within 30 minutes)

#### D-Link Assist Silver Benefits
- 24/7 telephone support
- Priority support over Bronze customers
- Rapid ticket response (within 2 working hours)

#### D-Link Assist Bronze Benefits
- 24/7 telephone support
- Ticket response (within 2 working days)

#### D-Link Assist Benefits
- Quick, effective escalation to D-Link senior engineers
- A D-Link Assist Account Manager
- Priority access to the latest D-Link products
- Technical training
- 20% discount on available D-Link products

**Special Offer**

- **D-Link Assist** - will be available with every purchase of Vigilance Full HD Outdoor PoE Mini Dome Camera and Vigilance Full HD Outdoor Vandal-Proof PoE Camera.

**Available in October 2018**
