## Wi-Fi Motion Sensor

Be alerted when motion is detected in your home,  
wherever you are

DCH-S150

# Wi-Fi Motion Sensor

Wherever you are, be alerted when motion is detected in your home with the mydlink™ Home Wi-Fi Motion Sensor. It's easy to setup, connects to your home Wi-Fi and can detect motion up to 8 metres. Whether you are at home or away, push notifications will alert you whenever motion is detected. What's more, it works with other mydlink™ Home smart devices to enable you to create a smart home without complicated setup, installation cost or monthly subscription charges.

## Peace of mind

When you are away from home, be alerted instantly on your smartphone or tablet whenever motion is detected.

## Automate your home

Use it with a mydlink™ Home Smart Plug to automatically turn on the heating before you get home or switch on a light when you get home.

## See what's going on

Or with a mydlink™ Home Monitor for live view whenever motion is detected, giving you that extra peace of mind.

## Easy to Setup

### Plug

Connect the Wi-Fi Motion Sensor to an electrical outlet.

### Press

Push the WPS button to connect to your home Wi-Fi

### Control

Download the free mydlink™ Home app<sup>1</sup>, follow the simple setup instructions

## Easy to set up

Simply press a button to securely connect to your home Wi-Fi network with Wi-Fi Protected Setup (WPS). No additional control hub needed.

## Enhanced motion detection

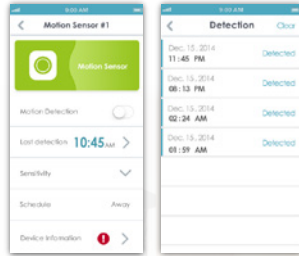

Passive Infrared (PIR) motion sensor greatly reduces false alarms to ensure you are alerted only when needed.

## Wide Coverage

Motion detection up to 8 metres (100° horizontal / 80° vertical).

## Stay informed

Automatic alerts to inform you when motions is detected

## Your mydlink™ Home

mydlink™ Home allows you to start with a single smart device and add more when you want to. Unique mydlink™ Home App<sup>1</sup> for iOS and Android smartphone and tablet give you control of all your other mydlink™ Home devices. You can even setup automation rules to make your home smarter.

No hidden charges. Seriously.

## Complete your mydlink™ Home

Why not add a **Smart Plug (DSP-W215)** to turn on the light when motion is detected ...or add a **Monitor 360 (DCS-5010L)** to see what's happening at home when you are alerted
