

DCS-2670L

Full HD 180° Outdoor Wi-Fi Camera

Product Highlights

High Definition Clarity
1080p Full HD quality video

IP65 Weatherproof
Water and dustproof for outdoor operation

180 Degree Panoramic View
Ultra-wide angle to capture everything

Your Home, Only Smarter.

The Full HD 180° Outdoor Wi-Fi Camera allows you to monitor your home's exterior whatever the weather. Equipped to handle dust, rain, and snow with an IP65 rated casing, it is rugged enough to keep an eye on your toughest outdoor areas. With Full HD 1080p resolution and 180-degree panoramic lens allows you to see a wider area in more details with just one camera.

Complete Coverage for Peace of Mind

It features an ultra-wide lens to give you a panoramic 180° field of view, so you can capture your entire front yard or back garden with a single camera. Receive instant push notifications and record snapshots or video clips whenever motion or sound is detected. Use the free mydlink app for your smartphone or tablet, or through a web browser on your computer, to remotely view live streams or playback recorded videos, wherever you are in the world¹. Integrated night vision allows you to see areas around your home, even in complete darkness, so that you know what's happening 24/7.

Flexible Placement

The Full HD 180° Outdoor Wi-Fi Camera comes with a variety of installation options which makes it incredibly easy to install, anywhere around your home. The camera is protected against harsh rain and dust with its weatherproof IP65 rating. You can connect it to the Internet either through Wi-Fi or directly to your router with a network cable. Pivot and rotate the camera lens for the perfect view whilst hidden power and network cable design provides additional security to the camera.

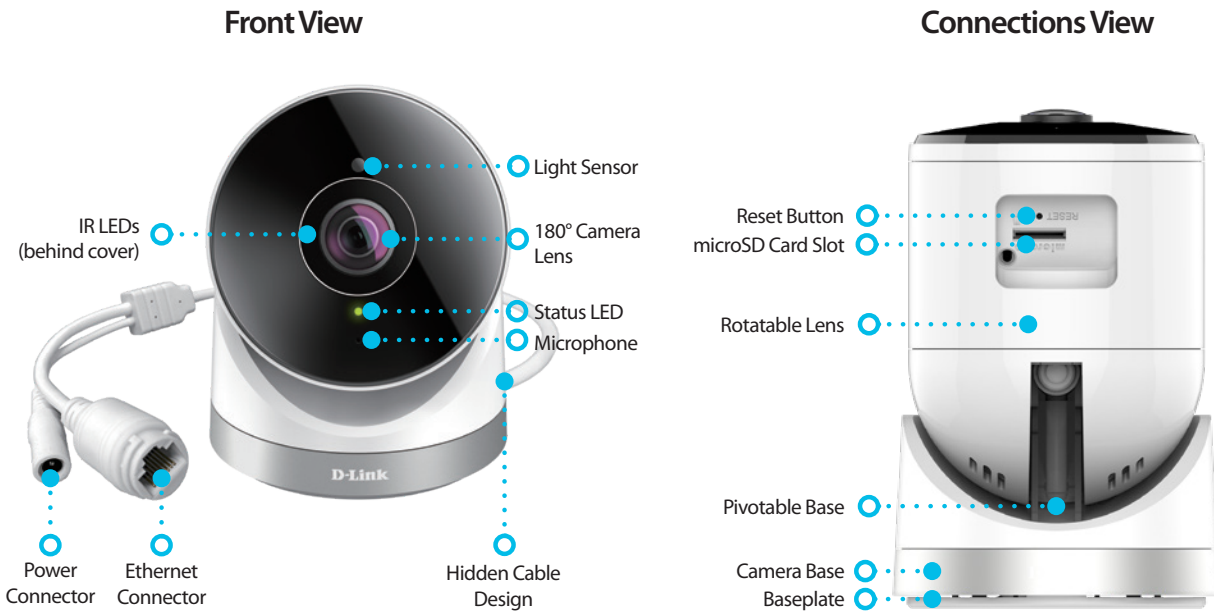

Peace of Mind, Wherever You Are

With the mydlink Lite app or through the mydlink web portal, you can easily monitor your home and look after what's important to you, from anywhere in the world. Stay up-to-date with notifications and automatically record moments of interest at any time. Local, subscription free recording onto a microSD card³ lets you easily backup video files in case of an unusual event. You can even record videos directly onto your phone through the mydlink Lite app.

Features

- ◆ View your camera remotely from anywhere in the world, on your smartphone, tablet or computer¹
- ◆ High quality 1080p Full HD resolution
- ◆ Panoramic 180° viewing angle
- ◆ Weatherproof design²
- ◆ Integrated night vision, up to 10 m
- ◆ Motion and sound detection
- ◆ Send notifications to your mobile device and record snapshots/video clips³
- ◆ Subscription free video recording³
- ◆ Compact and easy to setup
- ◆ Secure installation with hidden cables
- ◆ Connects to your home's existing Wi-Fi network or to your router with a network cable
